Re: 6 Wide Horizons Drive, Colts Neck

Dear Rob:

I just wanted to drop you a note to once again thank you for the care and attention you gave us when working in our home. Your immediate responsiveness to our every call demonstrates to me that you are not a man of words but of action.

Knowing that you built our house really gives me peace of mind in the quality and craftsmanship of our home. In the two years we've lived here we have had virtually no problems to speak of. Even when a few minor items came up, most of the time you were at our house on the very same day to take care of things. I can't tell you what a pleasure it is having had you as our builder. Laura and I both think that you are a shining star in your industry.

Thank you again. Keep up the good work!!

Very truly yours,

M.F. Anise
